### CONTINUE THE STRIKE

ANTHRACITE MINE WORKERS TO  
FIGHT IT OUT TO THE BIT-  
TER END.

### IT MAY POSSIBLY SPREAD

Not Unlikely That the Contest Will Be  
Carried Into the Bituminous Coal  
Regions—Miners Have Been Prepar-  
ing for the Struggle for Eighteen  
Months—May Mean the Destruction  
of Their Organization.

Hazleton, Pa., May 16.—The anthracite mine workers in convention have decided to continue the strike of the 145,000 men against the mine owners and to fight it out to the bitter end. The matter of calling out the engineers, firemen and pump runners will be decided by the delegates in the morning. The vote to continue the suspension was as follows: Total vote east, 811; for strike, 461 1/4; against strike, 349 3/4; majority for strike, 111 1/4. President Mitchell, however, in compliance with the rules of the United Mine Workers, announced to the public that the action of the convention was unanimous.

The step taken by the miners after practically considering the matter for two months has wiped out the uncertainty of the situation and it is freely predicted that the most serious labor struggle in the history of the country, if not the world, is about to begin. That is the view taken by nearly every miner. While the leaders are cautious and will not forecast their actions, it is not unlikely that the miners' fight will be carried into the bituminous coal regions and into other fields of industry. Mine workers for 18 months have been looking forward to the strike that is now upon them. They have saved their money and are considered to be in better shape today for a fight than they were in the great strike of 1900. That struggle ended in the mine owners giving the men a 10 per cent advance after a six weeks' suspension.

The operators are on record as being unalterably opposed to granting the men any concessions, and they have personally informed the mine workers' leaders of that fact. The workmen fear that the present fight may mean the destruction of their organization, because they believe that the mine owners are bent more on wrecking their union than they are in opposing the demands for higher wages and shorter work days.

#### Mitchell Opposes the Strike.

President Mitchell's advice to the miners was peace and he gave it to them in the plainest and most forcible of language. He was ably assisted by President Fahy and Secretary Hartlein of the lower district and Secretary Dempsey of the upper district. President Nichols of the First district was the great champion of the strike advocates. Mr. Mitchell, who was last to speak, was listened to with the greatest attention.

It is said that a telegram was also read from the American Federation of Labor against a permanent suspension. But the delegates would not listen and amid considerable suppressed excitement the vote was taken. For a time it looked as though the peace advocates would win, but when delegation after delegation from the lower district, the last to be called, answered "Yes," it was seen that the men who favored a fight had won. The result was received by the convention with applause, which, however, was not very enthusiastic or prolonged. The men appreciated the seriousness of their decision, which no doubt dampened their ardor.

The proposition to call out the engineers, firemen and pump runners was separated from the main question early in the discussion, which began shortly after the convention met. There was an almost equal division in this matter and the debate became so involved that it was decided to consider that phase of the question separately. The men, having thrown down the gauntlet to their employers, have taken renewed courage and it would not be surprising if the convention would decide to call out the other employees referred to. The miners insist that nearly all the engineers, firemen and pump runners belong to their organization and say they can get them all to quit work if they want to. In the event that this is brought about it

#### Would Do Incalculable Damage

to the mines through flooding unless the companies can succeed in filling the men's places.

While the people of the coal fields are glad that the suspense and uncertainty occasioned by the long delays in reaching a conclusion of the strike question are over, the news of the convention's action has caused considerable depression. Business has been paralyzed to a certain extent and it will probably come to almost a standstill.

There was a great crowd of miners in Hazleton during the day. They came from all parts of the region and most of them congregated in the vicinity of the convention hall. They were gathered in large groups, each nationality flocking by itself and awaiting for some information from the inside.

Besides these there were present about 25 newspaper correspondents and a big contingent of agents of corporations who were waiting to flash every scrap of information to the outside world. When the vote to strike was completed and the convention adjourned the delegates were not allowed to leave the building. President Mitchell announcing that they should remain in the hall until he himself had announced the result to the waiting crowd. When he appeared at the front door there was a great rush at him, but he would not open his mouth until all the correspondents had been assembled around him. A great cheer was given by the miners when the national leader finally shouted the result and the wild rush for telephones and telegraph wires ensued. Hazleton and surrounding towns are celebrating the inauguration of the permanent strike by giving parades.

#### CAUSES DEPRESSION.

News of Continuance of Strike Brings Disappointment to Scranton.

Scranton, Pa., May 16.—It was with disappointment rather than surprise that the news of the prolongation of the strike was received in this region.

When the news came great depression settled over the community. In anticipation of efforts on the part of the strikers to prevent the washeries from working the companies are swearing in as deputy sheriffs all their bosses and office men.

The wholesale grocers have informally declared that they will reduce credits from 30 to 7 days. The retailers claim they will in consequence be compelled to be shut down on credits entirely.

#### FOOD FOR A MONTH.

United States Government Sends ample Supplies to Martinique.

Washington, May 16.—It is stated at the war department that the supplies and stores shipped to Martinique and St. Vincent on the cruiser Dixie from New York and on the collier Sterling from San Juan undoubtedly will be sufficient to meet the urgent needs of the suffering people for fully a month to come. The present efforts of the government officials are directed to supplementing the food supplies contributed by the people so as to make them immediately available and to devise a system of distribution. Secretary Root has authorized the officers of the commissary department at New York to purchase any additional supplies that may be necessary to supplement those contributed by private persons for shipment to the scene of the disaster. Consequently private donations of flour will be supplemented by a proper supply of yeast by the government and with codfish and other food supplies which require other articles to make them available for food.

The government already has expended a little over \$100,000 of the available appropriation of \$200,000 and as much of the balance as necessary will be utilized. The administration anticipated the action of congress in providing for the immediate relief of the situation, with the result that the Sterling sailed from San Juan with supplies within five hours from the time the appropriation became available, and the Dixie sailed from New York with additional supplies in exactly 29 hours after the president signed the act making the appropriation. These two vessels carry more than 36 days' rations for 50,000 people together with a proportionate amount of clothing, tentage, etc.

#### FRANCE IS GRATEFUL

M. Cambon Expresses His Nation's Thanks for American Aid.

Washington, May 16.—M. Jules Cambon, the French ambassador, has transmitted to Secretary Hay a telegram from his government expressing the gratitude of France for the energetic efforts of this country to relieve the suffering at Martinique. The text of the ambassador's communication to Secretary Hay is as follows:

"I have just received the following telegram from my government:

"The president and the government of the French republic, deeply moved by the sympathy evinced by the president, the congress and the nation of the United States toward the sufferers of the catastrophe in Martinique, charge you to be their interpreter in expressing the gratitude cherished by the entire French nation for their generous assistance, the remembrance of which will live forever."

"It is my great honor, Mr. Secretary of State, that I should be called to tender you the thanks of France for all that the United States is doing on this sorrowful occasion, and I should be infinitely obliged to you if you would convey this expression to all in the government and congress who have given evidence of such noble sentiments of humanity."

#### Claims Lockout Affects but Few.

Washington, May 16.—The main feature of the building trades lockout situation was the issuance of a statement by J. T. Barkman, business agent of the building trades council and carpenters' executive board, claiming that only 500 men were affected. The builders claim that several thousand men are out, but refuse to give any information. The statement of Barkman says that operations are stopped on only three buildings in the city and that the trouble probably will be adjusted within a week.

#### RANGE IS DRYING UP.

Billings, Mon., May 16.—Eastern Montana stockmen, particularly those of Yellowstone county, are threatened with severe losses by reason of the drought. The range is drying up and unless there is a heavy rainfall within the next few days will have to be abandoned.

#### Has a New Superintendent.

Chicago, May 16.—Official announcement has been made of the appointment of J. N. Barr as general superintendent of the Chicago, Milwaukee and St. Paul railway in place of C. A. Goodnow, who has gone to the Rock Island as general manager. Mr. Barr at present is the mechanical superintendent of the Erie railway.

#### WANTED IN GEORGIA.

Colonel Gaynor and Captain Greene  
Arrested at Quebec.

Quebec, May 16.—Colonel John F. Gaynor and Captain W. D. Greene, who forfeited their bail at Savannah early in March and fled to Canada, were placed under arrest by officers connected with the United States secret service and Chief Carpenter of the Montreal detective force during the day.

The arrests were made on warrants issued in Montreal. Chief Wilkie's men assisting the Canadian officers to make the arrests.

The little men were hurried on board a swift little tug, which had been kept in waiting at the wharf. Ten minutes after Greene and Gaynor were safely on board the boat steamed out into the river and started for Montreal. The officers moved so quickly that neither of the prisoners were given opportunity to consult counsel. When notified of her husband's arrest Mrs. Gaynor at once consulted Mr. Tacheau, her husband's attorney. A tug was chartered and an attempt made to overtake the boat on which Gaynor and Greene were being carried away.

After a short chase it was seen by those on board the pursuing tug that it would be impossible to overtake the detectives' boat, the Spray, one of the swiftest tugs on the St. Lawrence, and the pursuit was abandoned. On returning to the city a special train was chartered and an attempt to head off the Spray at some point between this city and Montreal was made, but it was unsuccessful.

#### CROKER IS SORRY.

Regrets That Lewis Nixon Resigned  
as Tammany Leader.

London, May 16.—In an interview at Wantage, Richard Croker said that were he in New York he would certainly vote for Robert A. Van Wyck as grand sachem of Tammany Hall, and that Mr. Van Wyck, in his opinion, was as fine a man as ever drew breath and a good mayor. Mr. Croker expressed himself as very sorry that Lewis Nixon had resigned as chairman of the finance committee. He said he had given no orders, but that he had left the matter entirely to the leaders to decide. Mr. Croker said he had cabled Mr. Nixon last Wednesday to do just as he pleased and that if Mr. Nixon could not control them it was not his fault.

Mr. Croker said he had no intention of returning to New York in August and that he could not say when he would go back.

#### REMOVES PROHIBITION.

Venezuela Will Allow Neutral Vessels to Enter Insurgent Ports.

Washington, May 16.—The Venezuelan authorities have finally conceded to abandon their contention that the prohibition of the right of entry to port in the hands of the insurgents to a neutral ship, not enforced by an actual blockade, can be maintained. This decision has been reached in the case of the Viking, the supply ship of the National Asphalt company, which sought to convey food supplies to some of the company's employees at San Colorado, the nearest port to the asphalt lake. The ship has been held for some time at Trinidad, but the Venezuelan consul here has finally, by the direction of his government, issued the necessary clearance papers.

#### Has a New Superintendent.

Chicago, May 16.—Official announcement has been made of the appointment of J. N. Barr as general superintendent of the Chicago, Milwaukee and St. Paul railway in place of C. A. Goodnow, who has gone to the Rock Island as general manager. Mr. Barr at present is the mechanical superintendent of the Erie railway.

#### Reduced Rates.

The Northern Pacific railway will sell tickets to Minneapolis and return at one fare plus \$2.00 for the round trip, May 18th, 19th and 20th, with the final limit of return to May 24th, on account of the meeting of the Baptist anniversaries at St. Paul May 20th to 27th.

Entered at the post-office at Brainerd, Minn., as second class matter.

### SUBSCRIPTION RATES.

One Week.....Ten Cents  
One Month.....Forty Cents  
One Year.....Four Dollars

FRIDAY, MAY 16, 1902.

### Weather.

Cloudy to-night with possible showers Saturday.

RUSSIAN physicians claim horse-flesh is more nutritious than beef, a good idea to advance at the present time.

THE Anoka Union thinks the state of Minnesota should have a more level headed man for auditor than J. F. Jacobson, and is not alone in that opinion.

And now comes the Duluth News-Tribune with the question "If St. Pierre was destroyed because of its wickedness, why is Minneapolis spared?" Some questions are unanswered.

WEDNESDAY Senator C. B. Buckman, of Little Falls, filed his notice of candidacy for the congressional nomination on the republican ticket in the Sixth district with the secretary of state.

THE city of St. Louis, after being victimized for years by dishonest officials and hundreds of thousands of dollars fished from her coffers, has finally awakened to the fact that more stringent laws for the punishment of bribery and theft are necessary.

### ARMY OF FARM HANDS NEXT.

To Harvest Wheat in the North and Rice in the South.

Wichita, Kan., May 16.—The rice growers of Texas and Louisiana have opened communication with implement dealers of Kansas and Oklahoma with a view of co-operating in securing hands, first for the care of the wheat harvest in the North and then of the rice harvest of the South.

The final purpose is to organize an army of traveling farmhands to follow wheat, rice and corn harvesting from New Orleans to North Dakota.

### Samar Ports Open to Commerce.

Manila, May 16.—The ports of the island of Samar were opened to commerce during the day. Inspector Taylor of the native constabulary on the island of Leyte has been given permission to close three of the ports of Southern Leyte June 1 should he consider such steps necessary in order to prevent the brigands on that island from obtaining outside assistance.

### Disappeared Many Years Ago.

Fond du Lac, Wis., May 16.—Excavations in the village of Thetis, Dodge county, disclosed a human skeleton believed by residents to be the remains of Paul Ludwick, a wealthy farmer, who disappeared 53 years ago. The skull had been crushed as if by a blow. The skeleton was found at the site of what was an old trail at the time of the disappearance.

### M. Fouchard Leaves for Hayti.

Kingston, Jamaica, May 16.—M. Fouchard, one of the candidates for the presidency of Hayti, and a party of over 50 Haytien refugees, have left here for Port au Prince on the chartered steamer Thomas Brooks. M. Fouchard says that General Firmin is the only candidate he fears and he thinks the trouble in Hayti is not over.

### Strike Breakers May Strike.

Chicago, May 16.—The Chicago Telephone company faces another strike of linemen. The men who were employed last October to take the places of the linemen who went on strike have been organized and have voted to quit work on Monday unless their demands for an increase in pay were acceded to. The demands which the men will make have been previously refused by the company and it is said to be almost certain that a strike will result.

### Meyer Is Not a Candidate.

Boston, May 16.—In a cablegram to a friend here George Von L. Meyer, United States ambassador at Rome, announces that he is not a candidate for congress in the Sixth district. Mr. Meyer has been compelled to take this course by order of his physician. It is understood that he will later submit to an operation, though not one in itself of a dangerous nature.

### Pleaded Self-Defense.

Emporia, Kan., May 16.—James H. Dumprope, aged 17 years, who killed his traveling companion, George Crowley, near here on March 26 and then placed his body weighted down in the Neosho river, has been found guilty of manslaughter in the third degree. Dumprope pleaded self-defense, but admitted having taken \$20 of the dead man's money.

### A Boy's Definition of Peace.

"Can you tell me the meaning of the word peace?" asked Miss Gray of a little boy who had just recited a patriotic poem in which the word occurred. "Peace means when you ain't got no children," answered the child.

### "How is that?" asked Miss Gray.

"When my mother has washed and dressed her six children for school in the morning, she says, 'Now I'll have peace,'"—Chicago Tribune.

### LOCAL NEWS NOTES.

Last night Mark, the seven-year old boy of Mr. and Mrs. Thomas Kennedy, died at St. Joseph's hospital. The remains were shipped to Eagle Lake this afternoon for burial.

Mr. and Mrs. Benjamin Stevens left this afternoon for Park Rapids, where they expect to make their future home. The best wishes of many Brainerd friends go with Mr. and Mrs. Stevens.

A new cement sidewalk has just been completed in front of the entire block on Norwood street between Sixth and Seventh, and work has already been commenced on another block on south Broadway between Oak and Norwood.

O. B. Whitford and family departed yesterday morning on the Swanville stage for Brainerd, where they expect to make their home in the future. Their household goods were shipped the same day. Orley has been offered a job in the Northern Pacific shops at that place and also a position in a barber shop and is undecided which he will accept.—Todd Co. Argus.

### Ex-Representative Riddle Dead.

Washington, May 16.—Albert Gallatin Riddle, a well known lawyer and author and an ex-representative from Ohio, died in this city during the day. Death was caused by a general breakdown, superinduced by advanced age. He was 86 years of age. Among his best known works of fiction are "Bart Ridgely," "The Portrait," "Alice Brand" and "Recollections of War Times."

### EXPECT MORE TROUBLE

ANOTHER ERUPTION ON ST. VINCENT PREDICTED BY SCIENTISTS.

### GREAT CHANGES OCCURRING

One Valuable Estate Is Swallowed Up by the Ocean and Where Another Stood Now Arises a Large Ridge of Ground—All Food Products Are Destroyed and Starvation Threatens the Poorer Classes.

Kingston, Island of St. Vincent, B. W. I., May 16.—No person has yet been able to approach within eight miles of the new crater of the Soufrière volcano. But, judging from what can be seen from a considerable distance, the old lake at the summit of the mountain has disappeared. The numerous fissures in the mountain sides continue to throw out vapor and the subterranean murmurings and tremblings indicate continued unrest.

Scientists who have come here from the British island of Trinidad predict another volcanic eruption on St. Vincent within a short time.

The damage done to St. Vincent by the volcanic eruptions is now known to be considerably greater than was at first estimated. The present uneasiness of the inhabitants of the island is increased by the continuous agitation of the volcanic craters.

Interesting discoveries have been made regarding physical changes on St. Vincent resulting from the eruptions. Several fissures have been observed on Soufrière. The estate of Wallbou has disappeared and has been replaced by an inlet of the sea. Richmond, an estate adjacent to Wallbou, which was formerly flat and upon which there were several laborers' cottages, has been completely burned, and out of the estate there now arises a large ridge of ground. It is believed that the Rabaccal crater, in the Windward district of the island, has also erupted.

From a distance La Soufrière, although less violent, still wears a cap of dark clouds which is illuminated every now and then by flashes of red light.

### Showers Bring Relief.

Volcanic dust fell here again during the day, but fortunately there have been also several heavy rain showers, which have washed away the dust from the grass and restoring verdure of the fields. The condition of the atmosphere is also apparently improving.

Owing to the destruction of several estates the sugar and arrow root industries of St. Vincent are seriously injured. Nearly 2,000 deaths on this island have been reported. Bodies have been discovered in houses in life-like attitudes, presenting gruesome spectacles. As wide areas of ground which formerly produced foodstuffs have been devastated there is today an abnormal demand for breadstuffs and a consequent scarcity of food supplies. The prices of food are advancing. The destruction of the live stock of the island has also caused a rise in the price of meat.

The inhalation of noxious vapors here is increasing the spread of sickness. An ambulance corps from the island of Barbadoes has arrived here. Starvation threatens the poorer classes of the afflicted district.

Nearly every remaining negro hut in the Carib country contains decayed bodies and the horrible stench is driving people away. Mutilated bodies are tied with ropes and dragged to the trenches, where they are buried. Sometimes bodies are cremated. The local government is feeding and sheltering about 3,000 refugees. Subscriptions for the relief of the sufferers are being raised in all the British West Indian islands.

A British warship has arrived here from Trinidad bringing provisions for the relief of the sufferers.

### ERUPTION CONTINUES.

Mont Pelee Reported to Be Still Throwing Out Ashes.

London, May 16.—According to very brief dispatches to the London newspapers, Mont Pelee is still throwing out ashes and until all danger is past and the place is thoroughly accessible there is no likelihood that much detailed news will be received.

The specials say that great fears are expressed over an outbreak of pestilence caused by the decomposing bodies, thousands of which are still buried beneath the ashes and ruins.

Thousands of refugees continue to flock into Fort de France from the country, says a dispatch from there. According to the correspondent at Kingston, Jamaica, of The Daily Mail, lava dust is falling in Jamaica, presumably blown from St. Vincent, at the rate of 50 tons daily. A curious effect, the correspondent says, is produced by the dust laden atmosphere. The sun rises perfectly white, causing superstitious speculation among the natives.

Harry Gervier Seeley, the eminent geologist of Kings college, London, thinks it highly probable that serious eruptions will occur in Dominica, Guadalupe and elsewhere and that the inhabitants of all the volcanic islands in the neighborhood should take warning, as should also those of Central America.

## Weather.

Cloudy to-night with possible showers Saturday.

RUSSIAN physicians claim horse-flesh is more nutritious than beef, a good idea to advance at the present time.

THE Anoka Union thinks the state of Minnesota should have a more level headed man for auditor than J. F. Jacobson, and is not alone in that opinion.

AND now comes the Duluth News-Tribune with the question "If St. Pierre was destroyed because of its wickedness, why is Minneapolis spared?" Some questions are unanswered.

WEDNESDAY Senator C. B. Buckman, of Little Falls, filed his notice of candidacy for the congressional nomination on the republican ticket in the Sixth district with the secretary of state.

THE city of St. Louis, after being victimized for years by dishonest officials and hundreds of thousands of dollars filched from her coffers, has finally awakened to the fact that more stringent laws for the punishment of bribery and theft are necessary.

## ARMY OF FARM HANDS NEXT.

To Harvest Wheat in the North and Rice in the South.

Wichita, Kan., May 16.—The rice growers of Texas and Louisiana have opened communication with implement dealers of Kansas and Oklahoma with a view of co-operating in securing bands, first for the care of the wheat harvest in the North and then of the rice harvest of the South.

The final purpose is to organize an army of traveling farmhands to follow wheat, rice and corn harvesting from New Orleans to North Dakota.

## Samar Ports Open to Commerce.

Manila, May 16.—The ports of the island of Samar were opened to commerce during the day. Inspector Taylor of the native constabulary on the island of Leyte has been given permission to close three of the ports of Southern Leyte June 1 should be consider such steps necessary in order to prevent the brigands on that island from obtaining outside assistance.

Disappeared Many Years Ago.

Fond du Lac, Wis., May 16.—Excavations in the village of Thetis, Dodge county, disclosed a human skeleton believed by residents to be the remains of Paul Ludwick, a wealthy farmer, who disappeared 53 years ago.

The skull had been crushed as if by a blow. The skeleton was found at the side of what was an old trail at the time of the disappearance.

M. Fouchard Leaves for Hayti.

Kingston, Jamaica, May 16.—M. Fouchard, one of the candidates for the presidency of Hayti, and a party of over 50 Haytien refugees, have left here for Port au Prince on the chartered steamer Thomas Brooks. M. Fouchard says that General Firmin is the only candidate he fears and he thinks the trouble in Hayti is not over.

## Strike Breakers May Strike.

Chicago, May 16.—The Chicago Telephone company faces another strike of linemen. The men who were employed last October to take the places of the linemen who went on strike have been organized and have voted to quit work on Monday unless their demands for an increase in pay were acceded to. The demands which the men will make have been previously refused by the company and it is said to be almost certain that a strike will result.

Meyer Is Not a Candidate.

Boston, May 16.—In a cablegram to a friend here George Von L. Meyer, United States ambassador to Rome, announces that he is not a candidate for congress in the Sixth district. Mr. Meyer has been compelled to take this course by order of his physician. It is understood that he will later submit to an operation, though not one in itself of a dangerous nature.

## Pleaded Self-Defense.

Emporia, Kan., May 16.—James H. Dumprope, aged 17 years, who killed his traveling companion, George Crowley, near here on March 26 and then placed his body weighted down in the Neosho river, has been found guilty of manslaughter in the third degree. Dumprope pleaded self-defense, but admitted having taken \$20 of the dead man's money.

## A Boy's Definition of Peace.

"Can you tell me the meaning of the word peace?" asked Miss Gray of a little boy who had just recited a patriotic poem in which the word occurred.

"Peace means when you ain't got no children," answered the child.

"How is that?" asked Miss Gray.

## THE PAVING OF FRONT STREET.

Will Be an Important Matter to be Considered at Next Meeting of Council.

### SOMETHING WILL BE DONE.

Committees Who Have Charge of Matter Will Likely Make Some Report.

There will be a meeting of the city council next Monday evening in chambers, and in all probability the most important matter to be considered will be the paving of Front street. This question has been agitated for sometime and last year a committee was appointed at a mass meeting of citizen's to act in conjunction with a committee from the city council to confer with the officials of the Northern Pacific.

These committees have had several conferences since that time and the officials of the company have been approached on the question of sharing in the cost of making such an improvement. Of course no definite action has been taken, but the time is now ripe when something should be done in order to have the work completed this summer.

It is thought that an agreement may be reached between the Northern Pacific and the city and it is hoped by those interested that the matter will take form by Monday evening.

The merchants and those interested in property along Front street are unanimous almost in favor of the improvement, and if the matter was put to a vote today it would carry unanimously. The proposition is to pave the street from Fourth to Eighth streets including also the cross streets between Front and Main.

### WANT EARLY CLOSING AGAIN.

The Retail Clerks Held an Important Meeting Last Night and Discussed the Matter at Length.

There was a meeting of the Retail Clerks Protective Association last night and it was decided to make another move to have the merchants of the city close early during the warm months of the summer. They will make this petition in view of the fact that that all cities of the size of Brainerd have early closing during these months.

President Johnson was authorized to appoint a committee of three to take the matter up with the merchants. Nettleton, he don't rent. He sells for your rent money.

### A Good Beginning.

I have already placed over forty Brainerd families in homes of their own, which are being paid for in monthly payments, and thus far not one has missed a payment. It's as easy to pay for a home as it is to pay rent, and far more profitable and satisfactory. I expect to increase the number to over a hundred before snow flies next fall. Come and look over my list. I have some fine places I can sell cheap. Terms to suit. Call evenings if more convenient for you.

Secretary King is Having a New Path Built Along the M. & I. to the Mill.

Secretary King, of the Brainerd Bicycle Association, is having a good bicycle path built from the cemetery along the M. & I. track to the mill. This track is being put in for the benefit of the mill employees.

Other improvements are also being made throughout the city. New cinders are being put on nearly all the paths and before being put on they are screened.

Large line of 2nd hand Household goods to be sold for storage at D. M. Clark & Co's.

#### A Doctor's Bad Plight.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for the last ten days I have felt better than for two years." #### Expected a Fight.

A Fifeshire farmer gave his herd ladie, Jamie, a half wit, a ticket to admit him to a sacred recital in a neighboring town, to be given by local talent, and told the lad to be sure to enjoy the round trip.

The farmer was greatly surprised to find his servant in the kitchen long before the conclusion of the performance, and upon asking him why he had returned from the recital Jamie replied: "Weel, maister, as man youder began to sing, 'I'm the King of Glory,' then another said he 'was the King of Glory,' and when I saw three others standin' up an' sayin' they were 'the Kings of Glory' I ken there was to be a fecht, so I can awa' an' left them to finish it amon' themselfs."—Dundee Advertiser.

### READY FOR ENCAMPMENT.

Members of Company F Will be Interested In Changes Being Made at Lake City.

Adj. Libby says the camp grounds at Lake City are undergoing important changes for the coming National guard encampment, says the St. Paul Globe.

Ever since the camp ground was located at Lake City different plans have been laid to secure a 1,000-yard range and in each instance something has changed the plans, until last year.

Then it was figured out, and the work commenced at once to make the encampment superior to any other in the United States, taking every thing into account.

There are out three 1,000-yard ranges in the United States and none of them with the scenery, the water and every convenience that they have at Lake City.

The old range will be used for the common target practice and the new one only for sharpshooters.

When this range is all completed and in shape there will be no reason why interstate shoots should not be held at Lake City, and they will be, for the officers of the guards will do all in their power to get them.

Experts have been at work on the grounds for the past month getting things ready for the encampment that will come in June and when the boys get down to Lake City they will find things in the best shape they ever have been since the organization of the guards.

### ICE CREAM PARLOR OPENED.

The Hazen's Have One of the Finest in the Northern Part of the State Over Davis Music Store.

The Hazen's have opened their ice cream parlor in the rooms over the Davis music store on Front street and a general invitation has been sent out to the public to pay them a visit. The rooms have been furnished up in handsome style and it will make a popular place this summer for those who wish to partake of the delicacies of the season. Their ice creams will be the best and other little dainties like strawberries and cream will be served at all times.

Mr. and Mrs. Chas. Hazen are well acquainted in this city and have a large circle of friends, who will doubtless give them a liberal share of their patronage.

### MUSIC AND DRAMA.

"WHEN REUBEN COMES TO TOWN."

Among the new productions of the present season, which include some brilliant and successful dramas and comedies, Herman Perlet's new musical comedy "When Reuben Comes To Town" compares favorably. It will be seen in this city at the Brainerd Opera House on Thursday, May 22.

Mr. Perlet, who is one of the leading American composers, seems to have at last hit upon what the public want. While Mr. Perlet has given the public several operatic successes in the last seven or eight years,

"When Reuben Comes To Town" is his first attempt at a musical comedy, but the general merit of every one of his former efforts inspires one to expect much of his latest work. Its production will have every embellishment, adequate scenic environments, bewitching costumes, and above all a cast of rare talent. The feature of this grand production is its "prize beauty" chorus, which comprises seventeen of New York's models of feminine beauty.

#### "THE MISSOURI GIRL."

Fred Raymond's famous comedy, "The Missouri Girl," which comes to the Brainerd Opera House Thursday May 29 has a hold on the theatre-going public, that is the envy of all other amusement promoters.

Mr. Raymond seems to have struck the popular chord and year after year, this attraction goes over the same territory, and invariably to crowded houses. Other plays come and go, but "The Missouri Girl" is evidently here to stay. The reason of this extraordinary success is due to the fact that the play contains all the better elements of the several classes of stage productions. It has a good strong plot for the more seriously inclined, sensational scenes and climaxes for lovers of melodrama, plenty of comedy for those who enjoy that kind of entertainment, strong specialties to interest patrons of the vaudeville, a car load of magnificent scenery to please those who enjoy the spectacular, lovely gowns and costumes to please the ladies and withal, a production that is complete in every detail. Furthermore, the play is presented by an excellent company. Is it any wonder that the public recognizes the merits of the "Missouri Girl" and fills the theatres nightly.

## THE PAVING OF FRONT STREET.

Will Be an Important Matter to be Considered at Next Meeting of Council.

### SOMETHING WILL BE DONE.

Committees Who Have Charge of Matter Will Likely Make Some Report.

There will be a meeting of the city council next Monday evening in chambers, and in all probability the most important matter to be considered will be the paving of Front street. This question has been agitated for sometime and last year a committee was appointed at a mass meeting of citizen's to act in conjunction with a committee from the city council to confer with the officials of the Northern Pacific.

These committees have had several conferences since that time and the officials of the company have been approached on the question of sharing in the cost of making such an improvement. Of course no definite action has been taken, but the time is now ripe when something should be done in order to have the work completed this summer.

It is thought that an agreement may be reached between the Northern Pacific and the city and it is hoped by those interested that the matter will take form by Monday evening.

The merchants and those interested in property along Front street are unanimous almost in favor of the improvement, and if the matter was put to a vote today it would carry unanimously. The proposition is to pave the street from Fourth to Eighth streets including also the cross streets between Front and Main.

#### "The Pioneer Limited."

One of the features of the United States Band in its tour throughout the country was the "Pioneer Limited March," a stirring and an attractive piece of music dedicated by the leader to the Chicago, Milwaukee & St. Paul Railway.

The traveling public also have long sung the praises of this truly wonderful train. It runs every day in the year between the Twin Cities and Chicago, and is the famous train of the world. Its buffet library cars are cozy club houses on wheels.

### WANT EARLY CLOSING AGAIN.

The Retail Clerks Held an Important Meeting Last Night and Discussed the Matter at Length.

There was a meeting of the Retail Clerks Protective Association last night and it was decided to make another move to have the merchants of the city close early during the warm months of the summer. They will make this petition in view of the fact that all cities of the size of Brainerd have early closing during these months.

President Johnson was authorized to appoint a committee of three to take the matter up with the merchants.

Nettleton, he don't rent. He sells for your rent money.

### READY FOR ENCAMPMENT.

Members of Company F Will be Interested in Changes Being Made at Lake City.

Adj. Libby says the camp grounds at Lake City are undergoing important changes for the coming National guard encampment, says the St. Paul Globe.

Ever since the camp ground was located at Lake City different plans have been laid to secure a 1,000-yard range and in each instance something has changed the plans, until last year.

Then it was figured out, and the work commenced at once to make the encampment superior to any other in the United States, taking everything into account.

There are but three 1,000-yard ranges in the United States and none of them with the scenery, the water and every convenience that they have at Lake City.

The old range will be used for the common target practice and the new one only for sharpshooters.

When this range is all completed and in shape there will be no reason why interstate shoots should not be held at Lake City, and they will be, for the officers of the guards will do all in their power to get them.

Experts have been at work on the grounds for the past month getting things ready for the encampment that will come in June and when the boys get down to Lake City they will find things in the best shape they ever have been since the organization of the guards.

#### Expected a Fight.

A Fifeshire farmer gave his herd ladie, Jamie, a half wit, a ticket to admit him to a sacred recital in a neighboring town, to be given by local talent, and told the lad to be sure to enjoy himself.

The farmer was greatly surprised to find his servant in the kitchen long before the conclusion of the performance, and upon asking him why he had returned from the recital Jamie replied:

"Weel, maister, as man yonder began to sing, 'I'm the King of Glory,' then another said he 'was the King of Glory.'

and when I saw three others standin' up an' sayin' they were 'the Kings of Glory' I kent there was to be a fecht,

so I cam awa' an' left them to finish it amon' themsel's."—Dundee Advertiser.

### ICE CREAM PARLOR OPENED.

The Hazen's Have One of the Finest in the Northern Part of the State Over Davis Music Store.

The Hazen's have opened their ice cream parlor in the rooms over the Davis music store on Front street and a general invitation has been sent out to the public to pay them a visit. The rooms have been furnished up in handsome style and it will make a popular place this summer for those who wish to partake of the delicacies of the season. Their ice creams will be the best and other little dainties like strawberries and cream will be served at all times.

Mr. and Mrs. Chas. Hazen are well acquainted in this city and have a large circle of friends, who will doubtless give them a liberal share of their patronage.

## PHILIPPINES DISCUSSED

THE QUESTION OCCUPIES THE ATTENTION OF BOTH HOUSES OF CONGRESS.

## IS STARTED BY VANDIVER

Representatives Plunged Into an Exciting Debate—Personalities and Recriminations Freely Passed About. Senator McLaurin Vigorously Attacks the Policy of the Administration.

Washington, May 16.—The house was plunged into an exciting debate on Philippine affairs. Thus far the subject of alleged atrocities in the islands has engaged the attention of the senate alone and only occasional echoes have been heard in the house. But the reports of cruelty and outrage were rehearsed in the house with vehemence and bitterness. The naval bill was the order of the day, but it received only scant attention after the allegations of Philippine outrages were presented. A speech by Mr. Vandiver (Mo.) reciting instances of alleged outrages brought on the discussion. Personalities and recriminations were freely passed about. Mr. Vandiver was supported in his criticism by Mr. Wheeler (Ky.), while vehement defenses of the American soldiers were made by Messrs. Hepburn (Ia.), Grow (Pa.), Hin (Conn.), W. A. Smith (Mich.) and Lesser (N. Y.).

General debate on the naval bill closed at 4 o'clock and when the house adjourned the measure was being read for amendment.

## ADMINISTRATION ASSAILED.

Senator McLaurin Speaks on the Philippine Question.

Washington, May 16.—An extended speech by Mr. McLaurin (Miss.) in opposition to the pending Philippine government bill was a feature of the day's session of the senate. The Mississippi senator vigorously assailed the administration's policy in the Philippines. He deprecated the outrages perpetrated in the islands, whether they were committed by the Filipinos or by the Americans. They were, in his judgment, the natural outgrowth of the government's policy, for which he maintained, the Republican party was responsible. He urged the abandonment of the policy in the interest of humanity and justice. He declared that the minority was not discussing the pending measure to obtain political capital, as all the political material which the Democrats desired had been made for them by the Republicans in this congress.

The bill providing for the erection of a union railway station in Washington and the fortifications appropriation bill were passed.

## THE NEGRO PROBLEM.

House Committee on Labor Favors Creation of a Commission.

Washington, May 16.—The house committee on labor has ordered a favorable report on the bill providing for a commission to inquire into the industrial condition of the colored people of the United States. The commission is to be appointed by the president and is to consist of five members, who are to receive \$3,500 per annum each. The commission is to make a comprehensive investigation of the condition of the people of the negro race in the United States, their educational progress, and the best means of promoting harmony between the races in the United States, said commission to investigate and report their views concerning the adjustment of the trouble affecting the harmonious relations of the races.

## ROSEBUD RESERVATION.

House Committee Agrees to Report the Senate Bill.

Washington, May 16.—The house committee on Indian affairs, by a vote of 6 to 2, agreed to substitute the house bill for the senate bill ratifying an agreement with the Sioux tribe of Indians on the Rosebud reservation in South Dakota. The senate bill contains a provision reserving sections 16 and 36 of the lands acquired by the treaty in each township for the use of the common schools of the state. The feature of the senate bill as to free homes remains in the house bill.

## Wu Has Not Heard of It.

Washington, May 16.—It was stated at the Chinese legation that no confirmation of the press reports from Peking to the effect that Mr. Wu, the Chinese minister here, had been recalled from his post at Washington to be appointed Chinese minister of foreign laws, has been received. However, as already stated, such news would not be surprising to the minister, as he already has been minister at Washington a considerable time over the term usually spent by a minister at a single capital.

## Justice Bradley Dead.

Washington, May 16.—Andrew C. Bradley, one of the justices of the supreme court of the District of Columbia, died here at midnight after a short illness from an abscess on the brain, following an attack of grippe. He was 58 years old and a native of Washington. He was appointed to the bench in 1889. He presided over many celebrated trials, including the Breckinridge-Pollard case, the Haymeyer contempt proceedings and the Holt will case.

## Persian Minister Goes to Europe.

Washington, May 16.—General Isaac Khan, the Persian minister, has sailed for Europe on the steamer Klautsheou, where he will join his sovereign at Centreville, France. He left his excellency, Chekib Bey, the Turkish minister, in charge of the Persian interests during his absence.

## CROKER COMING BACK.

Ex-Leader of Tammany Will Be in New York Within a Month.

New York, May 16.—The Evening Post has the following: "It was reported at Tammany hall that Richard Croker will be in New York within a month and will either resume the leadership of the organization, which Lewis Nixon has laid down, or select a successor to Nixon. It was predicted that a thorough politician, probably one of the district leaders, will be chosen, as the experiment of putting a business man at the head of Tammany Hall has turned out to be a failure."

## DIES TO SAVE BROTHER.

Eight-Year-Old Minnesota Girl Bitten by Rattlesnake.

La Crosse, Wis., May 16.—Grace Dickson, aged 8 years, as a result of saving her 3-year-old brother from a 6-foot rattlesnake, which had crept into the house, at Dresbach, Minn., a few miles above here, was fatally bitten by the reptile and died in great agony. She attempted to kill the snake with a broom, but it fastened its fangs in her body before she succeeded.

## Colonel Bryan in Havana.

Havana, May 16.—William J. Bryan, who is now here, is receiving considerable attention. He has been invited to a number of dinners and has many callers. John G. Carlisle, formerly United States secretary of the treasury, is here. He is acting as the legal adviser of a financial firm.

## Five Inches of Rain in Three Hours.

Oklahoma City, O. T., May 16.—Nearly five inches of rain fell in the vicinity of Chandler in three hours, flooding the Deep Fork and its tributaries, drowning stock and destroying crops and fences. J. A. McLain of Chandler was killed by lightning.

## Dr. Van Dyke is Moderator.

New York, May 16.—Dr. Henry Van Dyke, professor of literature at Princeton university, was elected moderator of the general assembly of the Presbyterian church, which body began its deliberations here during the day. He was elected on the second ballot.

## Indiana Declared Citizens.

Guthrie, O. T., May 16.—The commissioner of Indian affairs has declared 4,000 allotted Cheyenne and Arapahoe Indians in Oklahoma United States citizens without any further action by the courts. This makes 1,500 more voters in Oklahoma.

## Get an Increase in Wages.

Chicago, May 16.—Two thousand wagon drivers and conductors employed here by the four big express companies have been granted an increase of 10 per cent in wages.

## TELEGRAPHIC BREVITIES.

The Mexican government will establish a legation at Havana, accrediting a minister plenipotentiary.

At Montgomery City, Mo., William S. Green shot and killed his divorced wife and committed suicide. His wife was granted a divorce a few days ago.

A general strike is in force throughout Sweden while the debate on the suffrage bill is being discussed in parliament.

Esther Dowie, daughter of "Dr." Alexander Dowie, proprietor of "Zion," died at Chicago of burns, having suffered for hours while "Elijah II" prayed over her.

## PHILIPPINES DISCUSSED

THE QUESTION OCCUPIES THE ATTENTION OF BOTH HOUSES OF CONGRESS.

## IS STARTED BY VANDIVER

Representatives Plunged Into an Exciting Debate—Personalities and Recriminations Freely Passed About. Senator McLaurin Vigorously Attacks the Policy of the Administration.

Washington, May 16.—The house was plunged into an exciting debate on Philippine affairs. Thus far the subject of alleged atrocities in the islands has engaged the attention of the senate alone and only occasional echoes have been heard in the house. But the reports of cruelty and outrage were rehearsed in the house with vehemence and bitterness. The naval bill was the order of the day, but it received only scant attention after the allegations of Philippine outrages were presented. A speech by Mr. Vandiver (Mo.) reciting instances of alleged outrages brought on the discussion. Personalities and recriminations were freely passed about. Mr. Vandiver was supported in his criticism by Mr. Wheeler (Ky.), while vehement defenses of the American soldiers were made by Messrs. Hepburn (Ia.), Grow (Pa.), Hill (Conn.), W. A. Smith (Mich.) and Lesser (N. Y.).

General debate on the naval bill closed at 4 o'clock and when the house adjourned the measure was being read for amendment.

## ADMINISTRATION ASSAILED.

Senator McLaurin Speaks on the Philippine Question.

Washington, May 16.—An extended speech by Mr. McLaurin (Miss.) in opposition to the pending Philippine government bill was a feature of the day's session of the senate. The Mississippi senator vigorously assailed the administration's policy in the Philippines. He deprecated the outrages perpetrated in the islands, whether they were committed by the Filipinos or by the Americans. They were, in his judgment, the natural outgrowth of the government's policy, for which, he maintained, the Republican party was responsible. He urged the abandonment of the policy in the interest of humanity and justice. He declared that the minority was not discussing the pending measure to obtain political capital, as all the political material which the Democrats desired had been made for them by the Republicans in this congress.

The bill providing for the erection of a union railway station in Washington and the fortifications appropriation bill were passed.

## THE NEGRO PROBLEM.

House Committee on Labor Favors Creation of a Commission.

Washington, May 16.—The house committee on labor has ordered a favorable report on the bill providing for a commission to inquire into the industrial condition of the colored people of the United States. The commission is to be appointed by the president and is to consist of five members, who are to receive \$2,500 per annum each. The commission is to make a comprehensive investigation of the condition of the people of the negro race in the United States, their educational progress, and the best means of promoting harmony between the races in the United States, said commission to investigate and report their views concerning the adjustment of the trouble affecting the harmonious relations of the races.

## ROSEBUD RESERVATION.

House Committee Agrees to Report the Senate Bill.

Washington, May 16.—The house committee on Indian affairs, by a vote of 6 to 2, agreed to substitute the house bill for the senate bill ratifying an agreement with the Sioux tribe of Indians on the Rosebud reservation in South Dakota. The senate bill contains a provision reserving sections 16 and 36 of the lands acquired by the treaty in each township for the use of the common schools of the state. The feature of the senate bill as to free homes remains in the house bill.

## Wu Has Not Heard of It.

Washington, May 16.—It was stated at the Chinese legation that no confirmation of the press reports from Peking to the effect that Mr. Wu, the Chinese minister here, had been recalled from his post at Washington to be appointed Chinese minister of foreign laws, has been received. However, as already stated, such news would not be surprising to the minister, as he already has been minister at Washington a considerable time over the term usually spent by a minister at a single capital.

## Justice Bradley Dead.

Washington, May 16.—Andrew C. Bradley, one of the justices of the supreme court of the District of Columbia, died here at midnight after a short illness from an abscess on the brain, following an attack of grippe. He was 58 years old and a native of Washington. He was appointed to the bench in 1889. He presided over many celebrated trials, including the Breckinridge-Pollard case, the Havermeyer contempt proceedings and the Holt will case.

## Persian Minister Goes to Europe.

Washington, May 16.—General Isaac Khan, the Persian minister, has sailed for Europe on the steamer Klautsheon, where he will join his sovereign at Centreville, France. He left his excellency, Cheikib Bey, the Turkish minister, in charge of the Persian interests during his absence.

## CROKER COMING BACK.

Ex-Leader of Tammany Will Be in New York Within a Month.

New York, May 16.—The Evening Post has the following: "It was reported at Tammany hall that Richard Croker will be in New York within a month and will either resume the leadership of the organization, which Lewis Nixon has laid down, or select a successor to Nixon. It was predicted that a thorough politician, probably one of the district leaders, will be chosen, as the experiment of putting a business man at the head of Tammany Hall has turned out to be a failure."

## DIES TO SAVE BROTHER.

Eight-Year-Old Minnesota Girl Bitten by Rattlesnake.

La Crosse, Wis., May 16.—Grace Dickson, aged 8 years, as of saving her 3-year-old brother from a 6-foot rattlesnake, which had crept into the house, at Dresbach, Minn., a few miles above here, was fatally bitten by the reptile and died in great agony. She attempted to kill the snake with a broom, but it fastened its fangs in her body before she succeeded.

## Colonel Bryan in Havana.

Havana, May 16.—William J. Bryan, who is now here, is receiving considerable attention. He has been invited to a number of dinners and has many callers. John G. Carlisle, formerly United States secretary of the treasury, is here. He is acting as the legal adviser of a financial firm.

## Five Inches of Rain in Three Hours.

Oklahoma City, O. T., May 16.—Nearly five inches of rain fell in the vicinity of Chandler in three hours, flooding the Deep Fork and its tributaries, drowning stock and destroying crops and fences. J. A. McLain of Chandler was killed by lightning.

## Dr. Van Dyke is Moderator.

New York, May 16.—Dr. Henry Van Dyke, professor of literature at Princeton university, was elected moderator of the general assembly of the Presbyterian church, which body began its deliberations here during the day. He was elected on the second ballot.

## Indians Declared Citizens.

Guthrie, O. T., May 16.—The commission of Indian affairs has declared 4,000 allotted Cheyenne and Arapahoe Indians in Oklahoma United States citizens without any further action by the courts. This makes 1,500 more voters in Oklahoma.

## Get an Increase in Wages.

Chicago, May 16.—Two thousand wagon drivers and conductors employed here by the four big express companies have been granted an increase of 10 per cent in wages.

## TELEGRAPHIC BREVITIES.

The Mexican government will establish a legation at Havana, accrediting a minister plenipotentiary.

At Montgomery City, Mo., William S. Green shot and killed his divorced wife and committed suicide. His wife was granted a divorce a few days ago.

A general strike is in force throughout Sweden while the debate on the suffrage bill is being discussed in parliament.

Esther Dowie, daughter of "Dr." Alexander Dowie, proprietor of "Zion," died at Chicago of burns, having suffered for hours while "Elijah II" prayed over her.

takes pride in the finish of each article that passes through her hands and permits nothing to go out until it is just so.

That is one of the many reasons for the success and popularity of
